We in-person examined each department's infrastructure. Each faculty member has their own table and chair as well as a safety locker. There are notice boards and white boards in every department where key programmes are highlighted. To encourage and promote the use of the most recent technology in education among the students, desktop and laptop with wi-fi connections have been made available. We attest that the newest technology and cosy chairs are available in every area.

We have personally visited the library. Books are orderly arranged as per the department and genre. The general section and research section are completely furnished. The advanced technology has been used to register the entry and exit status of the students. Digital library has been provided with non-stop network connection. The PG and UG rooms are spacious and airy. The ambience of the library is suitable to read books without any interference.

Each floor has rest room facilities for the student and faculty members. Both Indian and Western toilets are in usage. Separate rest room has been built for disabled students with its respective features. Men rest room is available next to all the seminar halls and in main block. We personally checked the rest rooms which are functional, neat and clean
