SKILL ENHANCEMENT PROGRAMME

TOPIC: BIOTECHNOLOGY IGNITION GRANT 23rd CALL

DATE: 08-08-2023

MODE: ONLINE

RESOURCE PERSON: Dr. MARY MANGAIYARKARASI

IP OFFICER

BANGALORE BIOINNOVATION CENTRE

The Department of Biotechnology Bolivar's Club Organized Seminar on 08th, August, 2023 to the students of Biotechnology as an awareness on **BIOTECHNOLOGY IGNITION GRANT 23rd CALL**. About 160 Students have actively participated and obtained the knowledge on what are the grants available and how to apply for it, the importance of IP etc.

The screenshot shows a Google Meet interface. The main content is a presentation slide with the following text:

- How NGS Started...**
- 1953- Discovery of the DNA structure (Double Helix) by James Watson and Francis Crick**
- 1972- Development of Recombinant DNA technology**

The slide includes a photograph of James Watson and Francis Crick with their DNA model and a diagram of recombinant DNA. On the right side, there is a grid of participant icons with names like Sivaraj Iruapp..., Nevetha R Biot..., cauvery college, Rameswari Bio..., 22120001 bt, jeniferp Biot..., Harsha vardhini, 82 others, and Dharini Biotec... The bottom of the screen shows the Windows taskbar with the date 11/08/2023 and time 11:08.

Roche/454 sequencing

- Roche 454 sequencing can sequence much longer reads than Illumina.
- As in Illumina, the DNA or RNA is fragmented into shorter reads, in this case up to 1kb. Generic adaptors are added to the ends and these are annealed to beads, one DNA fragment per bead.
- Each bead is then placed in a single well of a slide. So each well will contain a single bead, covered in many PCR copies of a single sequence.

Roche/454 sequencing process diagram:

- Anneal cDNA to one molecule of DNA on a bead
- Emulsify beads and PCR reagents to separate molecules
- Clonal amplification occurs inside microreactor
- Break emulsion and enrich for DNA-positive beads

Read amplified cDNA library

Prenatal Samples

Amniotic Fluid

Chorionic Villus Sampling

Products Of Conception

8-13 weeks: CVS

15-18 weeks: Amniocentesis

18-22 weeks: Cord Blood Sampling

Example-2

Triple X syndrome (trisomy X / 47 XXX)

- Being taller than average height is the most typical physical feature
- Most females with triple X syndrome experience normal sexual development and have the ability to become pregnant
- Some girls and women with triple X syndrome have intelligence in the normal range
- Others may have intellectual disabilities and sometimes may have behavioral problems

REPORT

A Free Medical Camp on Ayurvedic Wellness (Health check –up camp) was organized on 25th of August, 2023 by the Bolivar's Club Department of Biotechnology at O.P. Ramasamy Auditorium in order to create Awareness on Health. Camp was Organized by Our department Club In charge Ms. R. Nevetha and Mr. T.R.S Sasi Varier, Executive Director, K.S.Varier's Astanga, Ayurvedic Pvt.Ltd. coordinated the camp. Many Specialist (Ayurvedic doctors) along with their assistants were present in the camp. A Four team members of the Hospital includes Dr. Nararyan Varier, Dr Shyaam, Dr Sheela and Dr Anitha all General Physician, arrived the college at 9.00 am along with Mr. T.R.S Sasi Varier, Executive Director, K.S.Varier's Astanga, Ayurvedic Pvt. Ltd. Trichy.

The Medical camp began by initial examination of our college Secretary Mr. K. Thiruneelakandan and Dr. Mrs V. Sujatha, Principal, Cauvery college for women, Trichy by Dr. Narayan Varier a Senior doctor who has more than 52 years of service in this field. Many health care measures were given to them eloquently. The camp work started from –9.30am and extended till 3.00pm. Many names were enlisted for registration by filling the personal details

Annamalai Nagar, Tiruchirappalli - 620 018, Tamil Nadu, South India.
Website : cauverycollege.ac.in Phone : 0431 - 2763939, 2751232 Fax : 0431 - 2751234

in the registration form and were directed towards anyone of the four doctors for consultation and Health Check up. The camp then witnessed more than 100 members of the teaching and non teaching staffs who got free consultation with the four member team. Blood pressure and Pulse diagnosis were done for both physical and Mental stability to all the participants. Medicines were also provided with 20% discount in the camp. Some discussed issues by the members includes Blood Pressure control, Head ache, Skin care, Calcium deficiency, Gastritis, Osteoporosis, Menopause symptoms , Early cardiac Problem and so on. Problems were meticulously diagnosed after clear discussion with the patients and Medicines were prescribed accordingly. It was really unique way in setting up the medical camp inside college premises.

The students of the Department of Biotechnology worked as volunteers to manage the queue and direct the persons in the respective venue. After checking up the patients, some of the required medicines were also provided to them. This unique initiative of the Boivar's Club is being appreciated by all as it was exclusively arranged for teaching and non-teaching faculty members for quality treatment for their physical issues. Finally the ayurvedic fraternity of the camp took photographs as a mark of remembrance, refreshed themselves with tea and snacks. As a sense of gratitude all the organizing staffs members of the department of Biotechnology were given a ayurvedic kit with few Ayurvedic products by Mr. T.R.S Sasi Varier, Executive Director, K.S.Varier's Astanga, Ayurvedic Pvt.Ltd. The staffs present were elated with the health contentment and the camp ended successfully.

PRESS REPORT

A one day Workshop was organized by the department of Biotechnology cauvery college for women(Autonomous) , Trichirappalli on the topic entitled as "Molecular Docking" on, September 6th, 2023 at AOE Lab.

The Main notion of the workshop was to widen the scientific ideas to explore in research there by familiarizing the faculties, active researchers and aspirants about the current issues of Biology. The programme began with a Prayer song by the department choir girls followed by the lighting of e-lamp. Dr Mrs. V Sujatha, Principal, Cauvery college for women (Autonomous), Tiruchirappalli welcomed the gathering. Mr. K. Thirunelakandan, Secretary ,College Governing Council Honoured the resource person Dr.S.Parthasarathy, Professor (Retd),Department of Bioinformatics, Bharathidasan University, Trichirappalli with a memento. Followed by Ms. R. Nevetta, Assistant Professor, Department of Biotechnology ,Cauvery college for women (Autonomous) giving a brief introduction to the Resource person.

Dr. S. Parthasarathy, Professor (Retd), Department of Bioinformatics, Bharathidasan University, Trichirappalli gave a explicit annotation on the current demand and necessity for bioinformaticians in india and aboard. He emphasized how the combination of the life science and computational science can be a boon to mankind. He called upon the participants to be passionate towards whatever path they choose for their future. The inauguration ended with vote of thanks delivered by Dr. R. Rameshwari, Associate Professor &Head, Department of Biotechnology, Cauvery college for women (Autonomous), Tiruchirappalli. Then the sessions began after a tea break with the lecture and Hands on training.

Dr. Mrs. V. SUJATHA, M.Com., M.Phil., Ph.D.,
Principal

The workshop consisted of three sessions Dr. S. Parthasarathy, Professor (Retd), Department of Bioinformatics, Bharathidasan University, Trichirappalli was the resource person who gave deep insight on what "Bioinformatics and Molecular Docking" is all about. Its importance in various fields of life sciences and how each field could adopt bioinformatics for its advancement.

The sessions II & III were Hands on Training I & 2 involving installation of softwares, MGLtools – auto dock, pymol, downloading protein file PDB, downloading ligand file from PubChem, use of visualization tools-pymol, Swiss PDB viewer, Rasmol, Molecular docking using auto dock, protein preparation, ligand preparation, grid generation, execution of command and analyse docking results.

There were more than 100 beneficiaries including students, faculties and scholars from various institutions who attended the workshop. It brought together all the young talents and offered an opportunity for exchange of information about future technology.

Evening there was Valediction, Dr Mrs. Sujatha Principal Cauvery college for women, (Autonomous), Trichirappalli gave the valedictory address to the assembled crowd. Feedbacks were collected from the participants for future betterment. Mr.K.Thirunelakandan, Secretary, College Governing Council distributed the certificates to all the participants. Finally, the workshop came to a close with the vote of thanks proposed by Dr. R. PRESS REPORT

A one-day Lecture workshop was organized by the department of Biotechnology Cauvery college for women (Autonomous), Trichirappalli on the topic entitled as "Aquaponics" on, September 8th, 2023 at Dr. Rameswari Nallusamy Hall.

The Main notion of the workshop was to widen the scientific ideas to explore in research there by familiarizing the faculties, active researchers and aspirants about the current issues of Marine Biology. The programme began with a Prayer song by the department choir girls followed by the lighting of e-lamp.

Dr Mrs.V. Sujatha, Principal, Cauvery college for women (Autonomous), Trichirappalli welcomed the gathering. Dr. Arthur James , Professor &Head Department of Marine Science, Bharathidasan University, Trichirappalli felicitated the Day's session. Mr. K. Thirunelakandan, Secretary, College Governing Council Honoured the resource person Dr. Arthur James, Professor &Head Department of Marine Science, Bharathidasan University, Trichirappalli with a memento. Followed by Ms. Jenifer, Assistant Professor, Department of Biotechnology, Cauvery college for women (Autonomous) giving a brief introduction to the Resource person. Dr. P. Santhanam, Professor, Marine Planktonology and Aquaculture Laboratory, Bharathidasan University, Trichirappalli briefed on the current demand and necessities for Aquaponics. He emphasized the use of life science in marine technology and its importance to mankind. He called upon the participants to be passionate towards whatever path they choose for their future. The inauguration ended with vote of thanks delivered by Dr. R. Rameshwari, Associate Professor &Head, Department of Biotechnology, Cauvery college for women (Autonomous), Trichirappalli. Then

the sessions began after a tea break with the lecture given by eminent experts.

It comprises of three sessions Dr.P.Santhanam, Professor, Marine Planktonology and Aquaculture Laboratory, Department of Marine Science, Bharathidasan University, Trichirappalli was the resource person who gave deep insight on "Integrated Recirculating Aquaponics and Hydroponics: A New Avenue towards the profitable Business Venture".

Then sessions II was shared by Dr - G. Roselin Jebapriya, DST-women Scientist-B Marine Science, Bharathidasan University, Trichirappalli who elaborated on the understanding and importance of Aquaponics, Hydroponics and aquaponics differences and system design its principles including NFT, DWC & MBS hydroponics/aquaponics. Dr. G. Roselin Jebapriya, DST-women Scientist-B Marine Science, Bharathidasan University, Trichirappalli Post Doctoral Fellow, Marine Planktonology and Aquaculture Laboratory, Department of Marine Science, Bharathidasan University, Trichirappalli who spoke on Fish culture and Health Management, Plant cultivation techniques in Hydroponics/aquaponics, Water quality management and testing and commercial aquaponics from business plan carried out session III.

There were more than 100 beneficiaries including students, faculties and scholars from various institutions who attended the sessions. It brought together all the young talents and offered an opportunity for exchange of information about future technology.

Evening there was Valediction, Dr. R. Rameshwari, Associate Professor & Head, Department of Biotechnology, Cauvery college for women
