HEALTHY PRACTICES

- **Eco-friendly slogans that would create awareness among students have been written on the walls of the college campus.**
- **Placards have been placed inside the campus garden to motivate the students to serve and protect the environment which is under gloom.**
- **Jute bag sale (handbags, purses, lunch bags) was carried out to make the staff and students to adapt themselves to eco-friendly materials.**
- **The campus has been well illuminated with solar lamps at some places.**
- **Students have been trained to make paper bags so as to reduce the use of plastics.**
- **Our college campus is equipped with many flowering plants and fruitful trees that not only provides shade but also offers a pleasant atmosphere.**
