Tamilnadu.

would be of considerable mutual benefit. The budding software professionals and faculty from the PG Department of Information Technology could play a key role in technological up gradation, innovation and competitiveness of an industry. Marcello Tech shall impart valuable inputs to the Department in teaching/ training methodologies so that the students fit in to the industrial scenario meaningfully.

Another dimension to the Marcello Tech, and the PG Department of Information Technology of Cauvery College for Women co-operation will relate effective utilization of the intellectual capabilities of the faculty of the Department providing significant inputs to them in developing suitable teaching/ training systems, keeping in mind the needs of the industry and to bring about innovative ideas into real design product.

Benefits:

1. Both the PG Department of Information Technology of Cauvery College for Women and Marcello Tech believe that close co-operation between the two would be of major benefits to the student community to enhance their skills and knowledge and would act as platform in bridging the gap between academia and industry.
2. Marcello Tech and the Department interaction will give an insight in to the latest developments/ requirements of the industries. Hence the students can be equipped to meet tomorrow's challenges present in the real world.
3. Marcello Tech and the Department tie up will build confidence and prepare the students to have a smooth transition from academia to industry.
4. The students will be permitted to industrial visit to learn the working instruments and working procedure of Marcello Tech.
5. To have joint meetings with faculty of the Department and staff of Marcello Tech to discuss on various topics, to have interdisciplinary design and establishment of working modules and the curriculum requirements relating to the industries.
6. To support setting up of an advance learning centre, this can be utilized for providing training and projects for students in the college campus itself.
7. To guide the students to make the projects by utilization of the training in both premises.
8. To provide specific training requirements for students in the latest technological fields and related software developments.
9. To provide forums like workshop and short-term training courses.
10. Marcello Tech accepted to provide one seminar and one guest lecture for every semester.
