#### 16.Academic bank of credits (ABC):

The Institution had implemented Academic Bank of Credits (ABC). ABC facilitates the students to change their own learning path with multiple levels of entry and exit. Our Institution is registered under ABC and our NAD ID is NAD017415. ABC ID created for 250 PG students. 1645 student mark sheets for the year 2019 has been uploaded in NAD platform. Globalization has opened the doors of educational institutions to everyone throughout the world across the borders thereby enabling the quality and deployment of education worldwide. Program outcome for the PG students of 2019-2021 and 2020-2022 along with the UG batch 2019-2022 were obtained. The College has placed its footsteps in the global market through Linnaeus - Palme Grants for International Teachers - Student Exchange Programme with the UMEA university Sweden. Student Exchange Programme was between 2008 -2012 and Teacher Exchange Programme was during 2006 - 2012. Under CBCS few of our students were able to do two courses for one semester and get credits from the UMEA University Sweden. Similarly, few students from UMEA University studied in our college for a semester and got credits from the Bharathidasan University. Recently we have been registered with Government of India under study in India program which will enable the students from foreign countries to do their education in our country. As per the UGC regulations, we have progressed from OBE to LOCF . In this connection FDP's focusing on Curriculum Construction, Mapping of CO, PSO, PO and E - Content development for effective teaching were organized by the IQAC. 145 e-contents were developed by the faculty for the year 2022 - 2023

#### **18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course) a) Our curriculum is designed to choose an Indian language such as Tamil, Sanskrit, or Hindi as Part I Language Course in the first four semesters at the undergraduate level, which are mandatory for all the students to get their degree. Our institution has taken great initiative to conduct the online classes in bilingual mode during the COVID 19 Pandemic . b) The institution instructed the faculty members to teach the courses in English and Tamil especially to the first year students who completed their schooling in Tamil Medium. c) Our Institution provide BA Tamil, MA Tamil, and Ph.D (Tamil) Programmes. There are 20 qualified faculties in the department of Tamil and faculty for teaching Hindi & Sanskrit. Sanskrit and Hindi are also given as value added courses. d) The Department of Tamil organises Elocution and Essay Writing Competition in Tamil Language for our college students through the department association called "Bharathi Tamil Mandram", through which they are organising "Muthamil Vizha". Our college provides opportunity for the students to learn spoken Hindi and Special permission given to the students for appearing Dakshina

Bharath Hindi Prachar Sabha Examinations. e) Wings Club of Cauvery College for Women organises 32 interdepartmental competitions such as Kolam, Rangoli, Classical Dance, Karagam, Kolattam, Mayilattam, Oyilattam, Kavadi and Tamil Elocution every year to impart our Indian Culture and Traditions in the young mind. Our College is well known for its cultural heritage. The College Fine Arts team participated in the University and National Level Competitions and brought many laurels to our institution. All the traditional festivals are celebrated in our college campus with the involvement of students. Khadi Day is celebrated on 11.08.2022 at our college campus. The Management, Principal, Faculty Members and students wore Khadi Dress on that Day. Every Monday, a General Assembly called CESGA (Cauvery Eternal Spiritual General Assembly) is conducted for all the students and faculties. The students will read Thirukkural, Preamble of Indian Constitution, Bhagavad Gita, Bible and Kuran to bring unity in diversity among them which will inculcate our tradition and culture. Our College is a pioneer in celebrating Pongal Festival every year. All the final year students will wear traditional dress and prepare Pongal in College Campus. The Department of Food Service Management and Dietetics organized competitions and Exhibitions related to Traditional Foods. The Department of Tamil offers Thiruppavai as a value added course for the college students. It is a set of Tamil Devotional religious hymns. It is an important part of Devotional genre of Tamil Literature. The Department of English is organising "Triple Fiesta" for celebrating Pongal, Christmas and Ramzan for the students and offered value added course on Food, Travel and Culture and celebration of Life and organised programme on Indian Traditional Games. The Department of Commerce and Business Administration organised seminar on Management concepts in Thirukkural for Commerce, Tamil and Management students to teach the eternal values and moral principles that should govern the conduct of budding leaders.

#### **19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

**Focus on Outcome based education (OBE):** Focus on Outcome based education (OBE): The Choice Based Credit System offers greater academic flexibility for the students to choose their subjects of interest. Under the Choice Based Credit System (CBCS) The Outcome-Based Education (OBE) is implemented from 2019 onwards till 2021. Then from the academic year 2022-2023 onwards LOCF is implemented for the Choice Based Credit System (CBCS) for the Undergraduate (UG) and Postgraduate (PG) programmes. It focuses on learning, rather than teaching with a student-centred approach. The number of training programmes, workshops, and internal deliberations for the faculty and involvement of employers, alumni and academic experts

help the institution to define the POs, PSOs and COs for respective programmes and courses. The courses are designed aesthetically and then periodically revised according to the changing advancements in the respective fields to make the students more competitive and industry- ready, once they graduate. It promotes creativity and out-of-the-box thinking and to cultivate problem-solving skills. It encourages teamwork and collaboration. The curriculum and teaching learning process of the college focuses towards Programme outcome (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs). The Departments have developed COs for the courses under various programmes and are mapped to POs, and PSOs of the various programmes. These outcomes are published in the college website and familiarized with the aspiring students' community. The programme outcomes and programme specific outcomes are communicated to the students during orientation programmes. The course outcomes are known to the students by the respective teachers at the beginning of each course. These outcomes are evaluated through CoE, internal and external examinations, seminars, projects and participation of the students in different co-curricular activities. Continuous Internal Assessments - CIA-I and CIA-II are conducted to measure the students' knowledge and skills based on their learning outcomes. The outcomes are delineated clearly, and the teaching plans are outlined accordingly. The program specific outcomes and course outcomes help students to evaluate their level of understanding in the course and choose their courses accordingly. The faculty needs to design a curriculum that would help students learn subjects of their interests while mapping their progress at every step making the education system, student-centric. The attainment is calculated at every level in order to attain the Programme Outcomes. The implementation starts with the specification of the lesson plan by the faculty. The Lesson plan defines unit wise engagements as per weightage for evaluation and assessment. The units have been mapped to COs. When setting the question paper, care is taken to ensure that unit wise coverage as per the weightage and specification of COs and Bloom's Taxonomy levels are adhered. Besides evaluation of students' performance, the marks are awarded against various questions and are tabulated against the COs for further analysis and establishment of CO/PO attainment. Some of the good practices in regard to LOCF implementation includes the training programmes and workshops organised by IQAC for implementing LOCF on Outcome (CO/PO/PSO) based Curriculum for the faculty. These programmes are organised at regular intervals to get frequent updates. As per the National Educational Policy (2020), effective learning requires a comprehensive approach that involves appropriate curriculum, engaging pedagogy, continuous formative assessment, and adequate student support. The focus of hands-on learning with real-world

applications helps to develop a variety of skill sets, including creativity and 21st-century skills. The NEP 2020 will be implemented in our institution with the approval of the State Government.

## **20.Distance education/online education:**

Distance education/online education: a) Delineate the possibilities of offering vocational courses through ODL mode in the institution. The institution has a vision of offering vocational courses through Online Distance Mode in future. b) Describe about the development and use of technological tools for teaching learning activities. Provide the details about the institutional efforts towards the blended learning.

Various online platforms are used for online seminars and assignments in order to facilitate participatory learning, Google Classroom is used by the teachers as well as the students to teach, create, share and evaluate assignments. Using websites like Canva and Adobe Spark, teachers create visually engaging presentations enhancing student concentration and focus. Students and teaching faculty can access study materials in all the Technologies and Net laboratories. The college library is a DELNET member library, which allows students and faculty to access papers and publications related to their research projects. The college library provides access to E-Resource database such as INFLIBNET, DOAJ, DELNET, Shodhganga. FDPs are conducted on MOODLE LMS, where the teachers get introduced to the online lecturing, assigning and assessing methods. The college has established Interactive Flat Panel Board enable to teach effectively, in addition to that DST-Curie sponsored Smart class room is also established to promote video lectures by staff and students provide a platform for blended learning. Faculty members produce E-Contents and E-Resources for the students. The curriculum is designed to include MOOCs offered by SWAYAM. Both Undergraduate and Postgraduate students have to take these courses from the second semester onwards. The credits earned from these courses will be treated as extra credits and will be reflected in the mark statements.

### CURRICULAR ASPECTS

#### 1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

The institution has qualified and experienced experts on Academic Council and Board of Studies. College offers a wide range of courses, including core, elective, and add-on courses at both undergraduate and postgraduate levels. Curriculum aligns with guidelines from various educational authorities, including University Grants Commission, parent university, and Tamil Nadu State Council for Higher Education. This ensures that the institution meets local, regional, national, and global educational standards. Curriculum is regularly updated to

incorporate current trends and recent developments in relevant fields thereby enabling students to receive up-to-date education. The institution has adopted a learning outcome-based curriculum framework. This approach focuses on defining specific learning outcomes for students, ensuring that they acquire the necessary knowledge and skills. College offers a range of programs, including 16 undergraduate, 10 postgraduate, and 8 PhD programs. This demonstrates a commitment to offering a variety of educational opportunities. The presence of an Entrepreneurial Development Cell suggests an emphasis on promoting entrepreneurship and social change among students. Skill development courses are offered to enhance the perspectives and employability of young individuals, aligning with 21st-century job requirements. The institution aims to provide quality higher education that nurtures well-rounded, thoughtful, and creative individuals, ultimately enabling economic independence.

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

The institution is committed to fostering holistic education that encompasses various critical aspects of personal and societal development. To this end, curriculum includes courses designed to integrate cross-cutting issues, such as gender, human values, professional ethics, environmental sustainability, and global awareness. These courses are strategically woven into the educational fabric to nurture students into responsible and empathetic individuals. Human values and ethics are central to the institution's mission, with an emphasis on instilling these principles in students. Global issues and environmental ethics are imparted through specialized courses, enlightening students about their roles as responsible citizens. In the final year of undergraduate studies, a program called UGC Jeevan Kaushal- Professional Skills is offered, focusing on cultivating professional ethics. It is a foundational course for first-year students, promoting essential human values and ethics. Gender studies courses are mandatory for final-year undergraduate students, promoting awareness of gender equality. The institution also champions eco-friendly practices to maintain a green and clean environment. All first-year undergraduate students are exposed to Environmental Studies. Moreover, a course on Innovation & Entrepreneurship is offered to science and arts students to encourage innovative thinking and spark interest in venture creation. These initiatives collectively contribute to the holistic development of students.

### 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

The Department of English runs an induction program called Deeksharambh in collaboration with Internal Quality Assurance Cell. This initiative is designed to help students smoothly transition from the school to the college environment. Within the Foundation English Course, students undergo a comprehensive

assessment process, starting with an initial evaluation and culminating in a final assessment.

To gauge students' learning levels effectively, a three-phase Academic Level Assessment (ALA) system is in place:

Entry ALA phase assesses students' prior academic knowledge and capabilities. Intermediate ALA compares the entry-level marks with CIAI exam marks. Exit ALA does final assessment through end-semester examinations marks.

Institution offers tailored programs to support slow and advanced learners. Remedial classes for slow learners employ discussion-based sessions, collaborative learning, supplemented with question banks and retests, delivered with bilingual explanations.

For advanced learners, opportunities abound for engagement in discussions, presentations, publications, symposiums, internships, EDC activities, e-content development, and intercollegiate competitions. High-achieving students often assume leadership roles within student clubs, organizing special events and career guidance programs, serving as valuable resources for their peers.

Students have access to various professional courses, competitive exams, qualification exams, Wadhvani Foundation courses, and SWAYAM courses. Management incentivizes academic excellence by reimbursing NPTEL exam fees, totaling Rs. 1000, for those who achieve high grades.

## 2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

Engagement in the learning process is fostered through participative, experiential, and problem-solving approaches:

1. Participative Learning: The institution employs activity-based methods such as brainstorming, discussions, role-plays, and debates, enriching classroom interactions. Students collaborate on team projects, seminars, conferences, and workshops. Personal growth is encouraged through initiatives like the E-cell's market day.

2. Experiential Learning: Learning by doing is promoted through fieldwork, case studies, internships, laboratory demonstrations, in-plant training, and industrial visits. Resources like the English language lab, Aural Oral English Lab, Distributed Technologies Lab, Internet lab, and Learning Resource Centre are utilized. Students are motivated to create e-content, research papers, and engage in group and research projects. Book reviews foster curiosity. NCC and NSS units address societal challenges through various activities, including village adoption.

3. Problem-Solving Learning: Clubs organize quiz competitions to cultivate higher-order thinking. Learners enroll in online courses and participate in competitive exams. Computer-oriented courses enhance technical acumen through activities like program writing, execution, and debugging.

In these ways, the institution ensures active and holistic student development, encouraging critical thinking and practical skills acquisition.

### 2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

The campus prioritizes student convenience and is equipped with Information and Communications Technology tools to introduce students to contemporary technologies. Numerous classrooms are equipped with smart boards, enhancing real-time teaching and learning methods. Online platforms are extensively used for virtual seminars and assignments, creating interactive learning opportunities. Both educators and students leverage Google Classroom for assignment creation, sharing, and evaluation, enhancing the educational process. Platforms like Canva and Adobe Spark aid in crafting visually captivating presentations, enhancing student engagement and interactivity. The institution provides access to study materials through Technology and Net laboratories, and the college library is integrated with services such as DELNET, INFLIBNET, DOAJ, and Shodhganga, offering a wealth of resources for research and academic endeavors. The Media Centre is utilized by faculty members to produce E-Contents and E-Resources for students, reflecting a commitment to providing easily accessible modern educational materials. Furthermore, the institution invites distinguished speakers from various institutions to share insights on the latest technologies and teaching methods, enriching the learning experience and fostering continuous improvement in teaching practices.

## 2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution

Academic Calendar advisory committee restructures and approves academic calendar in advance taking Government holidays and important college events into account. Calendar is distributed to all Faculty and Students and is also available on the college website.

Academic calendar includes

List of Teaching & Non-Teaching staff Library & Learning Resources

Vision, Mission & Objectives of the college

College History

Courses offered Components of CIA

Fee regulation

Scholarships, Attendance, Code of conduct & Ethics

College hostel rules & regulations

Academic schedule for both semesters

Preparation and adherence to Teaching Plans:

Workload, timetables, and lesson plans for each course is prepared in advance and are submitted to the Principal, Deans and the HODs for approval and are periodically monitored to check the progress of syllabus completion.

Approved lesson plan contains the CO,PO teaching methodologies, teaching aids, detailed lecture plans with proposed date of completion, and reference books.

Students are provided with study material and question banks.

#### Departmental Plans:

The Principal's communications are conveyed to the faculty through the HOD meeting and are documented in the minutes of the meeting record.

At the start of each semester, departmental discussions are organized to deliberate on semester-specific plans, MoUs, internships, and other related activities

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

The Institution's COE Office orchestrates and administers examinations with precision through use of advanced computerized software.

#### Incorporating Information Technology into Examination Procedures:

COE software efficiently compiles lists of theory and practical papers, complete with course codes. It generates students' register numbers, manages exam applications, and produces hall tickets. COE oversees execution of unit tests, Continuous Internal Assessment (CIA), and End Semester examinations, including allocation of timetables and supervisors. External subject experts are responsible for crafting question papers, which undergo scrutiny by HODs. CIA results are made accessible to students after acknowledgment, displayed on department notice boards.

#### Integration of IT in the Examination Process:

Semester Examinations held in November 2022 and April 2023 for Aptitude, competitive tests, and Non-Major Elective (NME) papers were conducted and evaluated online. Scribes are enlisted to assist students with disabilities. Internals encompass assignments, seminars, CIA test marks, and library components, all contributing to assessment. Question papers are thoughtfully constructed following Bloom's Taxonomy. The COE office assigns papers for evaluation and appoints external examiners for the valuation process. Marks are entered into the software and subsequently verified by evaluators. Results are promptly published on the college website, and students have the option to apply for revaluation.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

The institution has embraced the Learning Outcome Based Curriculum Framework (LOCF) to effectively achieve its predefined goals and objectives, thereby ensuring holistic development of students. During the Board of Studies (BoS) meetings, faculty members engage in extensive discussions to formulate, evaluate, update, and establish course outcomes.

To equip faculty members with the skills needed to create Course Outcomes (CO-PO), Faculty Development Programs (FDPs) are conducted. Formulation and mapping of COs and Program Outcomes (POs) are carried out within the academic program by course faculty. This process involves aligning each course's COs with its respective POs, ensuring that teaching and learning activities are in harmony with both, and obtaining approval from the BoS and Academic Council.

Formulated COs, categorized by knowledge level, are mapped to lesson plans, assessment procedures, and evaluation methods to gauge the level of learning achievement. The application of Bloom's Taxonomy in learning outcomes, objectives, and assessments facilitates higher-order learning.

The comprehensive syllabus, including COs and POs integral to students' development, is presented to students by their respective course instructors at the beginning of each semester, also through Dheeksharambh.

Additionally, COs and POs are readily accessible on the college website and are provided in printed form within the syllabus.

## 2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

All the programs offered by the institution are meticulously designed with specific learning outcomes to assess the skills and knowledge acquired by students. The process for Course Outcome (CO) attainment involves assigning a maximum score of 100% to each course. CO attainment is then calculated based on a predefined threshold value, which is set at 40% for undergraduate (UG) courses and 50% for postgraduate (PG) courses. The average pass percentage for each course is determined, and CO attainment levels are established using a three-scale rubric.

These CO attainment levels are defined as follows:

**Level 1:** When less than 50% of students achieve the COs for a particular course.

**Level 2:** When 50% to 75% of students attain the COs for a particular course.

**Level 3:** When more than 75% of students attain the COs for a particular course.

Furthermore, Course Outcomes (COs) are mapped to the related Program Outcomes (POs) using a Course Articulation Matrix. For Program Outcome (PO) attainment, the formula is

$$\text{PO Attainment} = ((\text{Average of COs of PO}) / 3) * \text{CO Attainment Level}.$$

The final PO attainment for each program is determined by averaging the average values of all Program Outcomes, and it is categorized based on a three-scale rubric into Poor (0 to 1), Good (1.1 to 2), and Excellent (2.1 to 3) to indicate the level of attainment.

### RESEARCH, INNOVATIONS AND EXTENSION

#### 3.1 - Promotion of Research and Facilities

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented

#### RESEARCH POLICY

A well-defined policy on Academic Research was prepared and executed to promote faculty involvement in research-developmental activities. It has been framed and implemented to encourage faculty members' higher education and faculty publication, to

encourage the enrolment of faculty in Ph.D. programs, and to provide suitable incentives for Ph.D. holders and those who publish research articles in reputed journals.

1. Faculty members without a Ph.D. degree must register for the doctoral program.
2. Faculty with Ph.Ds. should procure guidance from the university to help promote research in their respective departments.
3. To promote a research culture in the institution, internal research seed money is provided for suitable projects proposed by the faculty every year.
4. Faculty in every department are encouraged to conduct research in focused areas. It is mandatory to publish research articles in indexed journals.
5. To ensure the quality of the paper to be published, the researcher must ensure that a prior plagiarism check is made before journal publication.
6. Faculty members guiding Ph.D. scholars are provided with a supervisory incentive.
7. Faculty with a good number of publications in UGC-indexed, Web of Science-indexed, or SCOPUS-indexed journals are recognized with awards.
8. Faculty with high citations and h-index publications in UGC-indexed, Web of Science-indexed, or SCOPUS-indexed journals are recognized with awards.

## 3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

Cauvery College for Women (Autonomous) aspires to raise knowledge about entrepreneurship, innovation, and Intellectual Property Rights (IPR) in order to empower students and faculty in establishing a start-up eco-system.

The following is the college's policy in this regard:

1. Centre for Innovation and Incubation was established to inculcate a culture of innovation in the young and aspiring researchers at the institution.
2. The innovation center can help by coordinating various programmes such as ideation programmes, the collection of ideas from academic research, funded research, consultancy projects, and innovations and incubations.
3. The necessary initiatives can be taken to ensure that every key idea resulting from research is incubated in the incubation center, which is augmented from time to time.
4. Potential Student Innovators can be identified and allowed to select an incubated product to be developed on a large scale through a separate start-up.
5. The College's Entrepreneur Cell has developed plans to provide training to the Incubates. The training provided is structured in such a way that it prepares students to become successful entrepreneurs.
6. Student start-up enterprises are being supported financially on campus so that every innovation result in the filing of a patent.
7. The college provides adequate assistance for submitting patents, copyright for their publications, books, and monographs as well as completing the necessary groundwork to get the inventions registered and licensed.

### 3.6 - Extension Activities

3.6.1 - Extension activities carried out in the neighbourhood sensitising students to social issues for their holistic development, and the impact thereof during the year

### Extension Activities

Cauvery College for Women (Autonomous) encourages the involvement of the students and the faculty members in Social and Eco-friendly activities through various Extension Clubs such as NSS, NCC, Rotaract, Leo, Exnora, Water, Red Ribbon Club, Blood Donors Club, Youth Red Cross and Citizen Consumer Club. It is mandatory for all the first-year students to enroll themselves any one of the extension clubs as per the curriculum.

It is a great initiative taken by National Service Scheme of Cauvery College for Women (Autonomous) organised 75 programmes for commemorating 75 years of Independence. The NSS activities of Cauvery College for Women under the theme of "Azadi Ka Amrit Mahotsav" and "Har Ghar Trianga" posted in the social media pages of Bharathidasan University, Tamilnadu State NSS and NSS Regional Directorate, which is considered as a Milestone in our college history. NSS Volunteer S. Nivetha attended the Republic Day Parade at New Delhi.

## 5.4 - Alumni Engagement

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to the development of the institution through financial and other support services

The Cauvery College Alumnae Association (CCAA) organized alumnae gatherings regularly where alumna of all the departments discussed

their fondest college memories. They also expressed helping the institution's growth by providing lectures, discussions, and any other academic assistance the students might require. Special alumnae gatherings were conducted on 09.07.2022, 30.07.2022 and 07.01.2023. Alumnae from diverse departments and batches took part, productively communicated with one another, and offered suggestions for improving CCAA. Alumna from each department spoke about employment options in their respective disciplines as part of a career counselling programme that CCAA conducted with other departments and E-Cell. Our students had the opportunity to complete a summer internship with the help of Ms. Preethi Priyadharshini, a graduate of the PG & Research Department of Social Work (BSW Batch 2007-2010) who works as the assistant manager of human resources at BUNGE India Pvt. Ltd. in Trichy. On January 7, 2023, CCAA hosted an alumni gathering with the Bangalore chapter.

Alumna made suggestions for setting up a career counselling programme for students in several departments. So, CCAA organised career guidance programme for the students jointly with department clubs during the month of March 2023.

## 6.4 - Financial Management and Resource Mobilization

### 6.4.1 - Institution conducts internal and external financial audits regularly

#### Internal Audit

The college conducts regular internal and external financial audits. The Internal audit is processed by Financial Officer(treasurer) of the institution regularly. The Finance Committee is constituted as an advisory body on all matters concerned with the finance of the college. The budget proposals prepared by the departments are reviewed by the Finance Committee and then forwarded to the College Governing Body for the process. The College Secretary Scrutinizes and passes all the Bills which is approved and signed by then President and the Treasurer.

#### External Audit

The auditor appointed by the Trust performs Annual Statutory Audit of the financial statements of the college. The financial records are audited by a Chartered Accountant at the end of each fiscal year and the audited statements of income and expenditure, balance sheets are certified. The auditor verifies if the items of revenue, expenditure and items of assets and liabilities get reflected in income and expenditure account and balance sheet as per the requirements. The audit ensures that the financial statements reflect true and fair view of the institutional results and financial status pertaining to the period under audit.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

The college has implemented quality initiatives under the guidance of its Internal Quality Assurance Cell (IQAC), based on a value-driven framework that emphasizes knowledge, attitude, and skills development. These institutionalized initiatives include:

### Initiative 1: Learning Outcome-Based Curriculum Framework (LOCF)

The college has adopted a Learning Outcome-Based Curriculum Framework (LOCF) that guides the design of programs and courses. The LOCF encompasses a choice-based credit system, which is integrated into both undergraduate (UG) and postgraduate (PG) programs. It defines the institution's vision, mission, program education objectives, program outcomes, program-specific outcomes, and course outcomes. Blended learning, including the flipped classroom approach, is implemented across all core, elective, allied, and skill-based courses. Additionally, internships are mandatory for second-year UG and first-year PG students, while project work is compulsory for third-year UG and second-year PG students.

### Initiative 2: Strengthening Research Progressively

IQAC plays a pivotal role in advancing research endeavors on

campus. It provides seed funding to faculty members to support their research initiatives and publications. Faculty members are encouraged to participate in workshops, conferences, and gain professional memberships through financial support and awards. The college organizes hands-on training, workshops, and offers summer and winter training programs and internships to students each year to enhance research skills and promote academic growth.

These quality initiatives, driven by the IQAC, reflect the institution's commitment to academic excellence, research enhancement, and the holistic development of its students and faculty.

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

#### Continuous Quality Improvement (IQAC)

Academic and administrative auditing is an ongoing process at our institution. Annually, we conduct external audits to verify and validate our total income, expenses, and capital expenditures. The Finance Committee convenes regularly to evaluate our institution's plan, budget, and expenses, presenting a thoroughly reviewed proposal to the Governing Body for approval. Both internal and external audits are pivotal components of our continuous quality enhancement efforts, with each department striving to set higher benchmarks for excellence.

#### LOCF (Learning Outcome-Based Curriculum Framework)

Our Internal Quality Assurance Cell (IQAC) plays a crucial role in assessing our lesson plans, teaching pedagogy, and various academic parameters through academic audits. The implementation of Outcome-Based Education (OBE) within the framework of the Learning Outcome-Based Curriculum Framework (LOCF) has proven effective, ensuring program-level attainment. The achievement of Course Outcomes (COs) and Program-Specific Outcomes (PSOs) guarantees the enhancement of Program Outcomes (POs) and fosters ongoing quality improvement in teaching and learning.

IQAC actively collects performance appraisals and encourages self-assessment, with the Principal reviewing these assessments and offering suggestions for faculty improvement, including pursuing doctoral programs and seeking grants for research proposals. The IQAC's periodic monitoring and evaluation processes are dedicated to upholding and enhancing the quality of our institution across all aspects of maintenance and operation.

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

The institution has qualified and experienced experts on Academic Council and Board of Studies. College offers a wide range of courses, including core, elective, and add-on courses at both undergraduate and postgraduate levels. Curriculum aligns with guidelines from various educational authorities, including University Grants Commission, parent university, and Tamil Nadu State Council for Higher Education. This ensures that the institution meets local, regional, national, and global educational standards. Curriculum is regularly updated to incorporate current trends and recent developments in relevant fields thereby enabling students to receive up-to-date education. The institution has adopted a learning outcome-based curriculum framework. This approach focuses on defining specific learning outcomes for students, ensuring that they acquire the necessary knowledge and skills. College offers a range of programs, including 16 undergraduate, 10 postgraduate, and 8 PhD programs. This demonstrates a commitment to offering a variety of educational opportunities. The presence of an Entrepreneurial Development Cell suggests an emphasis on promoting entrepreneurship and social change among students. Skill development courses are offered to enhance the perspectives and employability of young individuals, aligning with 21st-century job requirements. The institution aims to provide quality higher education that nurtures well-rounded, thoughtful, and creative individuals, ultimately enabling economic independence.

### 1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

The institution is committed to fostering holistic education that encompasses various critical aspects of personal and societal development. To this end, curriculum includes courses designed to integrate cross-cutting issues, such as gender, human values, professional ethics, environmental sustainability, and global awareness. These courses are strategically woven into the educational fabric to nurture students into responsible and empathetic individuals. Human values and ethics are central to the institution's mission, with an emphasis on instilling these principles in students. Global issues and environmental ethics are imparted through specialized courses, enlightening students about their roles as responsible citizens. In the final year of undergraduate studies, a program called UGC Jeevan Kaushal-Professional Skills is offered, focusing on cultivating professional ethics. It is a foundational course for first-year students, promoting essential human values and ethics. Gender studies courses are mandatory for final-year undergraduate students, promoting awareness of gender equality. The institution also champions eco-friendly practices to maintain a green and clean environment. All first-year undergraduate students are exposed to Environmental Studies. Moreover, a course on Innovation & Entrepreneurship is offered to science and arts students to encourage innovative thinking and spark interest in venture creation. These initiatives collectively contribute to the holistic development of students.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

The Department of English runs an induction program called Deeksharambh in collaboration with Internal Quality Assurance Cell. This initiative is designed to help students smoothly transition from the school to the college environment. Within the Foundation English Course, students undergo a comprehensive assessment process, starting with an initial evaluation and culminating in a final assessment.

To gauge students' learning levels effectively, a three-phase Academic Level Assessment (ALA) system is in place:

Entry ALA phase assesses students' prior academic knowledge and capabilities. Intermediate ALA compares the entry-level marks with CIAI exam marks. Exit ALA does final assessment through end-semester examinations marks.

Institution offers tailored programs to support slow and advanced learners. Remedial classes for slow learners employ discussion-based sessions, collaborative learning, supplemented with question banks and retests, delivered with bilingual explanations.

For advanced learners, opportunities abound for engagement in discussions, presentations, publications, symposiums, internships, EDC activities, e-content development, and intercollegiate competitions. High-achieving students often assume leadership roles within student clubs, organizing special events and career guidance programs, serving as valuable resources for their peers.

Students have access to various professional courses, competitive exams, qualification exams, Wadhwani Foundation courses, and SWAYAM courses. Management incentivizes academic excellence by reimbursing NPTEL exam fees, totaling Rs. 1000, for those who achieve high grades.

## 2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

**Engagement in the learning process is fostered through participative, experiential, and problem-solving approaches:**

**1. Participative Learning:** The institution employs activity-based methods such as brainstorming, discussions, role-plays, and debates, enriching classroom interactions. Students collaborate on team projects, seminars, conferences, and workshops. Personal growth is encouraged through initiatives like the E-cell's market day.

**2. Experiential Learning:** Learning by doing is promoted through fieldwork, case studies, internships, laboratory demonstrations, in-plant training, and industrial visits. Resources like the English language lab, Aural Oral English

Lab, Distributed Technologies Lab, Internet lab, and Learning Resource Centre are utilized. Students are motivated to create e-content, research papers, and engage in group and research projects. Book reviews foster curiosity. NCC and NSS units address societal challenges through various activities, including village adoption.

3. Problem-Solving Learning: Clubs organize quiz competitions to cultivate higher-order thinking. Learners enroll in online courses and participate in competitive exams. Computer-oriented courses enhance technical acumen through activities like program writing, execution, and debugging.

In these ways, the institution ensures active and holistic student development, encouraging critical thinking and practical skills acquisition.

2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

The campus prioritizes student convenience and is equipped with Information and Communications Technology tools to introduce students to contemporary technologies. Numerous classrooms are equipped with smart boards, enhancing real-time teaching and learning methods. Online platforms are extensively used for virtual seminars and assignments, creating interactive learning opportunities. Both educators and students leverage Google Classroom for assignment creation, sharing, and evaluation, enhancing the educational process. Platforms like Canva and Adobe Spark aid in crafting visually captivating presentations, enhancing student engagement and interactivity. The institution provides access to study materials through Technology and Net laboratories, and the college library is integrated with services such as DELNET, INFLIBNET, DOAJ, and Shodhganga, offering a wealth of resources for research and academic endeavors. The Media Centre is utilized by faculty members to

produce E-Contents and E-Resources for students, reflecting a commitment to providing easily accessible modern educational materials. Furthermore, the institution invites distinguished speakers from various institutions to share insights on the latest technologies and teaching methods, enriching the learning experience and fostering continuous improvement in teaching practices.

### 2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution

Academic Calendar advisory committee restructures and approves academic calendar in advance taking Government holidays and important college events into account. Calendar is distributed to all Faculty and Students and is also available on the college website.

Academic calendar includes

List of Teaching & Non-Teaching staff Library & Learning Resources

Vision, Mission & Objectives of the college

## College History

Courses offered Components of CIA

Fee regulation

Scholarships, Attendance, Code of conduct & Ethics

College hostel rules & regulations

Academic schedule for both semesters

Preparation and adherence to Teaching Plans:

Workload, timetables, and lesson plans for each course is prepared in advance and are submitted to the Principal, Deans and the HODs for approval and are periodically monitored to check the progress of syllabus completion.

Approved lesson plan contains the CO,PO teaching methodologies, teaching aids, detailed lecture plans with proposed date of completion, and reference books.

Students are provided with study material and question banks.

Departmental Plans:

The Principal's communications are conveyed to the faculty through the HOD meeting and are documented in the minutes of the meeting record.

At the start of each semester, departmental discussions are organized to deliberate on semester-specific plans, MoUs, internships, and other related activities

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

The Institution's COE Office orchestrates and administers examinations with precision through use of advanced computerized software.

#### Incorporating Information Technology into Examination Procedures:

COE software efficiently compiles lists of theory and practical papers, complete with course codes. It generates students' register numbers, manages exam applications, and produces hall tickets. COE oversees execution of unit tests, Continuous Internal Assessment (CIA), and End Semester examinations, including allocation of timetables and supervisors. External subject experts are responsible for crafting question papers, which undergo scrutiny by HODs. CIA results are made accessible to students after acknowledgment, displayed on department notice boards.

#### Integration of IT in the Examination Process:

Semester Examinations held in November 2022 and April 2023 for

Aptitude, competitive tests, and Non-Major Elective (NME) papers were conducted and evaluated online. Scribes are enlisted to assist students with disabilities. Internals encompass assignments, seminars, CIA test marks, and library components, all contributing to assessment. Question papers are thoughtfully constructed following Bloom's Taxonomy. The COE office assigns papers for evaluation and appoints external examiners for the valuation process. Marks are entered into the software and subsequently verified by evaluators. Results are promptly published on the college website, and students have the option to apply for revaluation.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

The institution has embraced the Learning Outcome Based Curriculum Framework (LOCF) to effectively achieve its predefined goals and objectives, thereby ensuring holistic development of students. During the Board of Studies (BoS) meetings, faculty members engage in extensive discussions to formulate, evaluate, update, and establish course outcomes.

To equip faculty members with the skills needed to create Course Outcomes (CO-PO), Faculty Development Programs (FDPs) are conducted. Formulation and mapping of COs and Program Outcomes (POs) are carried out within the academic program by course faculty. This process involves aligning each course's COs with its respective POs, ensuring that teaching and learning activities are in harmony with both, and obtaining approval from the BoS and Academic Council.

Formulated COs, categorized by knowledge level, are mapped to lesson plans, assessment procedures, and evaluation methods to gauge the level of learning achievement. The application of Bloom's Taxonomy in learning outcomes, objectives, and

assessments facilitates higher-order learning.

The comprehensive syllabus, including COs and POs integral to students' development, is presented to students by their respective course instructors at the beginning of each semester, also through Dheeksharambh.

Additionally, COs and POs are readily accessible on the college website and are provided in printed form within the syllabus.

#### 2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

All the programs offered by the institution are meticulously designed with specific learning outcomes to assess the skills and knowledge acquired by students. The process for Course Outcome (CO) attainment involves assigning a maximum score of 100% to each course. CO attainment is then calculated based on a predefined threshold value, which is set at 40% for undergraduate (UG) courses and 50% for postgraduate (PG) courses. The average pass percentage for each course is determined, and CO attainment levels are established using a three-scale rubric.

These CO attainment levels are defined as follows:

**Level 1:** When less than 50% of students achieve the COs for a particular course.

**Level 2:** When 50% to 75% of students attain the COs for a particular course.

**Level 3:** When more than 75% of students attain the COs for a particular course.

Furthermore, Course Outcomes (COs) are mapped to the related Program Outcomes (POs) using a Course Articulation Matrix. For Program Outcome (PO) attainment, the formula is

$$\text{PO Attainment} = ((\text{Average of COs of PO}) / 3) * \text{CO Attainment Level}.$$

The final PO attainment for each program is determined by averaging the average values of all Program Outcomes, and it is categorized based on a three-scale rubric into Poor (0 to 1), Good (1.1 to 2), and Excellent (2.1 to 3) to indicate the level of attainment.

## RESEARCH, INNOVATIONS AND EXTENSION

### 3.1 - Promotion of Research and Facilities

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented

#### RESEARCH POLICY

A well-defined policy on Academic Research was prepared and executed to promote faculty involvement in research-developmental activities. It has been framed and implemented to encourage faculty members' higher education and faculty publication, to encourage the enrolment of faculty in Ph.D. programs, and to provide suitable incentives for Ph.D. holders and those who publish research articles in reputed journals.

1. Faculty members without a Ph.D. degree must register for the doctoral program.
2. Faculty with Ph.Ds. should procure guidance from the university to help promote research in their respective departments.
3. To promote a research culture in the institution, internal research seed money is provided for suitable projects proposed by the faculty every year.
4. Faculty in every department are encouraged to conduct research in focused areas. It is mandatory to publish research articles in indexed journals.
5. To ensure the quality of the paper to be published, the researcher must ensure that a prior plagiarism check is made before journal publication.
6. Faculty members guiding Ph.D. scholars are provided with a supervisory incentive.
7. Faculty with a good number of publications in UGC-indexed, Web of Science-indexed, or SCOPUS-indexed journals are recognized with awards.
8. Faculty with high citations and h-index publications in UGC-indexed, Web of Science-indexed, or SCOPUS-indexed journals are recognized with awards.

### 3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

Cauvery College for Women (Autonomous) aspires to raise knowledge about entrepreneurship, innovation, and Intellectual Property Rights (IPR) in order to empower students and faculty in establishing a start-up eco-system.

The following is the college's policy in this regard:

1. Centre for Innovation and Incubation was established to inculcate a culture of innovation in the young and aspiring researchers at the institution.
2. The innovation center can help by coordinating various programmes such as ideation programmes, the collection of ideas from academic research, funded research, consultancy projects, and innovations and incubations.
3. The necessary initiatives can be taken to ensure that every key idea resulting from research is incubated in the incubation center, which is augmented from time to

time.

4. Potential Student Innovators can be identified and allowed to select an incubated product to be developed on a large scale through a separate start-up.
5. The College's Entrepreneur Cell has developed plans to provide training to the Incubates. The training provided is structured in such a way that it prepares students to become successful entrepreneurs.
6. Student start-up enterprises are being supported financially on campus so that every innovation result in the filing of a patent.
7. The college provides adequate assistance for submitting patents, copyright for their publications, books, and monographs as well as completing the necessary groundwork to get the inventions registered and licensed.

### 3.6 - Extension Activities

3.6.1 - Extension activities carried out in the neighbourhood sensitising students to social issues for their holistic development, and the impact thereof during the year

#### Extension Activities

Cauvery College for Women (Autonomous) encourages the involvement of the students and the faculty members in Social and Eco-friendly activities through various Extension Clubs such as NSS, NCC, Rotaract, Leo, Exnora, Water, Red Ribbon Club, Blood Donors Club, Youth Red Cross and Citizen Consumer Club. It is mandatory for all the first-year students to enroll themselves any one of the extension clubs as per the curriculum.

It is a great initiative taken by National Service Scheme of Cauvery College for Women (Autonomous) organised 75 programmes for commemorating 75 years of Independence. The NSS activities of Cauvery College for Women under the theme of "Azadi Ka Amrit Mahotsav" and "Har Ghar Trianga" posted in the social media pages of Bharathidasan University, Tamilnadu State NSS and NSS Regional Directorate, which is considered as a Milestone in our college history. NSS Volunteer S. Nivetha attended the Republic Day Parade at New Delhi.

Unnat Bharat Abhiyan of Cauvery College for Women (Autonomous) has adopted five villages and conducted Programmes on Organic farming, Water Management, Energy sources and development of basic amenities. Our NCC cadets participate every year in various camps like RDC- Delhi, MRDC- Chennai, TSC, RCTC, EBSB Camps and Maulankar firing camp.

### **INFRASTRUCTURE AND LEARNING RESOURCES**

## 4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning, viz., classrooms, laboratories, computing equipments, etc.

The institution demonstrates a commendable commitment in providing sufficient physical facilities for effective teaching and learning. The college's infrastructure, spread across 5.87 acres, adheres to UGC and university standards.

### 5.4 - Alumni Engagement

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to the development of the institution through financial and other support services

The Cauvery College Alumnae Association (CCAA) organized alumnae gatherings regularly where alumna of all the departments discussed their fondest college memories. They also expressed helping the institution's growth by providing lectures, discussions, and any other academic assistance the students might require. Special alumnae gatherings were conducted on 09.07.2022, 30.07.2022 and 07.01.2023. Alumnae from diverse departments and batches took part, productively communicated with one another, and offered suggestions for improving CCAA. Alumna from each department spoke about employment options in their respective disciplines as part of a career counselling programme that CCAA conducted with other departments and E-Cell. Our students had the opportunity to complete a summer internship with the help of Ms. Preethi Priyadharshini, a graduate of the PG & Research Department of

Social Work (BSW Batch 2007-2010) who works as the assistant manager of human resources at BUNGE India Pvt. Ltd. in Trichy. On January 7, 2023, CCAA hosted an alumni gathering with the Bangalore chapter.

Alumna made suggestions for setting up a career counselling programme for students in several departments. So, CCAA organised career guidance programme for the students jointly with department clubs during the month of March 2023.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

The college has implemented quality initiatives under the guidance of its Internal Quality Assurance Cell (IQAC), based on a value-driven framework that emphasizes knowledge, attitude, and skills development. These institutionalized initiatives include:

### Initiative 1: Learning Outcome-Based Curriculum Framework (LOCF)

The college has adopted a Learning Outcome-Based Curriculum Framework (LOCF) that guides the design of programs and courses. The LOCF encompasses a choice-based credit system, which is integrated into both undergraduate (UG) and postgraduate (PG) programs. It defines the institution's vision, mission, program education objectives, program outcomes, program-specific outcomes, and course outcomes. Blended learning, including the flipped classroom approach, is implemented across all core, elective, allied, and skill-based courses. Additionally, internships are mandatory for second-year UG and first-year PG students, while project work is compulsory for third-year UG and second-year PG students.

IQAC plays a pivotal role in advancing research endeavors on campus. It provides seed funding to faculty members to support their research initiatives and publications. Faculty members are encouraged to participate in workshops, conferences, and gain professional memberships through financial support and awards. The college organizes hands-on training, workshops, and offers summer and winter training programs and internships to students each year to enhance research skills and promote academic growth.

These quality initiatives, driven by the IQAC, reflect the institution's commitment to academic excellence, research enhancement, and the holistic development of its students and faculty.

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

Academic and administrative auditing is an ongoing process at our institution. Annually, we conduct external audits to verify and validate our total income, expenses, and capital expenditures. The Finance Committee convenes regularly to evaluate our institution's plan, budget, and expenses, presenting a thoroughly reviewed proposal to the Governing Body for approval. Both internal and external audits are pivotal

components of our continuous quality enhancement efforts, with each department striving to set higher benchmarks for excellence.

#### LOCF (Learning Outcome-Based Curriculum Framework)

Our Internal Quality Assurance Cell (IQAC) plays a crucial role in assessing our lesson plans, teaching pedagogy, and various academic parameters through academic audits. The implementation of Outcome-Based Education (OBE) within the framework of the Learning Outcome-Based Curriculum Framework (LOCF) has proven effective, ensuring program-level attainment. The achievement of Course Outcomes (COs) and Program-Specific Outcomes (PSOs) guarantees the enhancement of Program Outcomes (POs) and fosters ongoing quality improvement in teaching and learning.

IQAC actively collects performance appraisals and encourages self-assessment, with the Principal reviewing these assessments and offering suggestions for faculty improvement, including pursuing doctoral programs and seeking grants for research proposals. The IQAC's periodic monitoring and evaluation processes are dedicated to upholding and enhancing the quality of our institution across all aspects of maintenance and operation.

#### 7.2 - Best Practices

7.2.1 - Provide the weblink on the Institutional website regarding the Best practices as per the prescribed format of NAAC

##### 1. Student Incubation Centre (SIC)

## Objectives

- To make them "Job Creators rather than Job Seekers".

## Context

- SIC orients the students in identifying the target market and create viable products.

## Practice

- Student ideas in-campus and alumnae are invited and reviewed by the mentors and Top Managements to provide required fund.

## Evidence

- Received 4-star rating - 119.60 points in IIC4.0.
- Launched e-MART Cauvery SHINE on ONDC platform.
- P. Dharani, Incubatee (Startup Founder of Narumughai Sanitary Napkin) registered in Startup India with DIIP123136.
- Won Nationwide Hackathon challenge at EDII, Ahmedabad.

## Problems Encountered

- SIC should join with other organization to move to the next level.

## 2.Enhanced Placement Opportunities.

- To excel in their future career with LSRW skills and trainings.

## Context

Increased LSRW skills through AOE Lab and Language Lab, Trainings and mock interviews through the Placement Cell enhance placements in reputed organizations.

## Practice

- As part of the curriculum students attend the Aural Oral English Lab hours to improve Listening and Speaking skills.
- Several Trainings are provided to enrich their Interview

Skills.

#### Evidence

- Students placed in Wipro, Sutherland Global Services, TCS, SITEL - BPO, Bank, Capgemini and Schools.

#### Problems Encountered

- Students from rural background have to be sensitized along with their parents for improved placements.
