INTERNAL QUALITY ASSURANCE CELL

EXTERNAL ACADEMIC & ADMINISTRATIVE AUDIT (2022-2024)

Academic and administrative audit refers to a systematic way of reviewing the quality of education in an institute. It is aimed towards quality assurance and in bringing improvements in the education system of the college. The institution gets an opportunity to understand the shortcomings and improve the quality of education of the various processes and systems of the college. This includes evaluation of all the curricular and co-curricular programs and activities which eventually helps the institution to maintain the high education standards on a long-term basis.

The External Academic and Administrative Audit of the college for the period 2022-2024 was conducted on 25.03.2024. Ten Academic external experts (four from the Faculty of Arts and six from the Faculty of Science) from neighbouring universities were invited and five teams were constituted.

The departments were given a data sheet containing 45 questions. During the visit to the departments, the HODs made a brief presentation about the department on all aspects. The departments were requested to present all relevant documents in support of the department inputs physical verification. The teams verified all the documents /records and offered suggestions where improvements in the documentation were required. The teams visited all the infrastructural facilities such as classrooms, laboratories, seminar halls, computer labs, and department library. The teams interacted with the faculty members and received their feedback on teaching, research and evaluation. The teams also interacted with the students to get their feedback and suggestions regarding infrastructural facilities available, performance of teachers, evaluation methods adopted and teaching learning process.

Observation /Comments:

The Department has well-trained and dedicated members of the staff who contribute to the core for the progress of the department. The vibrant faculty members exhibited many credentials and brought out their meritorious skills. Never the less there are few lapses which could be overcome such as placement record, involving all the faculty members in research endeavors and soon.

Suggestions / Recommendations:

1. Faculty need to create more e-content based on the syllabus and curriculum.
2. Need to maintain the placement records.
3. Need to document feedback from students.
