CO3	M	S	S	S	S
CO4	S	M	S	M	S
CO5	S	S	S	S	S

S – Strong; M – Medium; L - Low

Syllabus

1. Orientation: A detailed instruction about field work, objectives importance of field work. Orientation provides information regarding: (1) the importance and place of the practice in the social work education and (2) the purpose, functions, and ethics in professional practice.

2. Observation Visits:

The purpose of the observation visits is to acquire skills of systematic observation and to develop a spirit of inquiry; to understand society's response to social problems through various services, understand and appreciate, to develop the ability to critically evaluate the initiative of voluntary

and government programmes, and to develop an appreciation of social work intervention in these programmes.

A minimum of 10 visits to different social agencies with at least two settings pertaining to each field of specialization. Suggested field:

Health Setting: Hospitals, de addiction centres, community health extension projects, district mental health programmer /projects, etc

Educational Setting: Formal schools, non-formal / adult education centres, etc.

Services for special groups: like differently abled, destitute, elderly- both institutional and non-institutional

Criminal Justice system: observation homes, jails, etc.

3. Rural /Tribal Camps provide opportunities to experience rural life, analyse rural dynamics and observe the functioning of local self-government and voluntary agencies. This experience helps peer participation in planning for activities for own group and for the local people. It helps to carryout, evaluate and report the experience. It also helps the social trainees in planning, organising, budgeting, mobilising, implementing and evaluating the projects to be implemented during the camps besides expose their histrionic talents. The camps should be for a minimum of seven days organised by the Social Work students on a self supporting basis.

4. Group awareness project on social issues / problems – Minimum of 10 days to be allotted for this purpose. A programme should organised by the group. Each group must comprise of 3-5 students. Suggested themes such as anti – dowry campaign, HIV/AIDS awareness, gender sensitization, alcoholism, and drug awareness or any social problem could be considered.

Evaluation: Total Marks – 100**Internal Evaluation- 40 marks**

Syllabus

UNIT I (18 Hours).

Social Research: Meaning, definition, objectives, characteristics **Social Work Research:** Meaning and definition; Difference between social research and social work research; **Scientific method:** meaning, characteristics; **Types of Research:** pure, applied, and action research; participatory and evaluation research; Qualitative research: meaning, scope, characteristics, difference between qualitative and quantitative research.

UNIT II (18Hours)

Problem Formulation: Selection of problem: criteria and sources defining the problem;

Variables: meaning; types of variables; Operationalization; **Measurement:** meaning, levels of measurement ; nominal ordinal, interval, and ratio; **Hypothesis:** meaning, sources, characteristics, functions and types; attributes of a sound hypothesis; hypothesis testing; level of significance; Type-I and Type-II errors. Theory and fact; inductive and deductive theory construction;

UNIT III (18 Hours)

Design and Sampling: **Research design:** meaning and types- exploratory, descriptive, diagnostic, experimental. **Universe and sampling:** meaning, principles and types of sampling; Advantages and disadvantages; **Tools/instruments:** Types and steps involved in tool construction; **Validity and Reliability:** meaning and types; Pilot study and Pre-test.

UNIT IV (18 Hours)

Sources and Methods of data collection: Primary and Secondary Sources; **Methods:** Interview- meaning and types; questionnaires; observation: Meaning and definition; types of observation. **Data processing:** Editing, Sorting, coding, transcription. **Presentation of data:** tabular and graphical presentation; **Report writing:** content, format and types; footnotes, referencing, and bibliography: meaning and differences; methods of referencing; Plagiarism; ethics, and qualities of good researcher; preparation of research project proposal; agencies involved in social work research.

UNIT V (18 Hours)

Social Statistics: meaning, definition, use, and its limitations in social work research; **Measures of central tendency :** arithmetic mean, median and mode **Dispersion:** range, quartile deviation, standard deviation and co-efficient of variation; **Tests of significance:** “t” test, F- test and chi-square test; **Correlation:** meaning, types, and uses; Karl Pearson’s coefficient of correlation and rank correlation; **Computer applications:** use and application of computer in social work research.

Semester II	COMMUNITY ORGANISATION AND SOCIAL ACTION	Category	Course Code	Instructional hours	Credits
		Core Course V	20PSW2CC5	90	4

Preamble

This course aims to facilitate communities towards self-directed change and to avoid the inequalities in society manifested through processes of marginalisation, discrimination and disempowerment of groups.

Course Outcomes

On the successful completion of the course, students will be able to

CO NO	CO Statements	Knowledge Level
CO1	Explain the concept of Community Organization	K2
CO2	Apply the process of Community Organization and Social Action	K3
CO3	Demonstrate the importance of Community Participation in Rural, Urban & Tribal Development	K4
CO4	Justify the importance of theories, practices and approaches of Community Organization and Social Action	K5
CO5	Elaborate the concepts of Community Organization.	K6

SEM III	Social Work Practicum	Category	Course Code	Instructional Hours	Credits
		Core Practicum III	20PSW3CC3P	90	5

Objectives

1. To expose students to various fields of Social Work Practice.
2. To enable the students to apply theoretical knowledge.
3. To help the students to equip interventions skills in area of interest.

Course Outcomes

CO Number	CO Statement	Knowledge Level
CO1.	Develop knowledge regarding the Specialized Area	K3
CO2.	Survey the numerous problems of the Clients in the specialized area.	K4
CO3.	Deduct the specific problems of the client group.	K5
CO4.	Recommend an area of a mini research study.	K6
CO5	Plan policies and programmes based on the findings of the mini research study.	K6

CO4	S	S	S	S	S
CO5	S	S	S	S	S

S-Strong, M-Medium, L-Low

Syllabus

1. Agency placement based on their specialisations
2. The placement will be for a minimum duration of 30 field work days for two days per week/semester.
3. Importance to be given for the practice of social work methods.

Each student is expected to conduct case work with a minimum of three clients, group work with at least two groups, and organise one institutional/ community-based programme (trainees of all specialisations).

Guidelines for Medical and Psychiatric Social Work Specialisation

1. Practice of Social Case Work with at least five clients
2. Practice of Social Group Work with at least two groups
3. One Community based programme.

Guidelines for Family and Child Welfare Specialisation

1. Exposure to family and child welfare programmes
2. Practice of social group work with at least two groups
3. One community based programme.

Guidelines for Human Resource Management Specialisation

1. Exposure to welfare measures and programmes in industries.
2. Orientation to IR activities/Trade Union
3. Understanding of Organisation profile/Organisational Culture
4. Knowledge of labour legislations.

Guidelines for Community Development Specialisation

1. Exposure to DRDA/Panchayat Union and Panchayat administration

2. Orientation to community based surveys/PRA
3. Organise at least two need based community programmes
4. Practice of Social Work methods in Community Settings (Rural/Tribal areas)
5. Knowledge of CD programmes.
